SOUTH CAROLINA
DOCKET NO. 2000-355-C - ORDER NO. 2002-574 ✓

AUGUST 7, 2002

IN RE: Application of Telergy Network Services, Inc. for a Certificate of Public Convenience and Necessity to Provide Local Exchange and Interexchange Telecommunications Services within the State of South Carolina.) ORDER CANCELLING) CERTIFICATE AND) WITHDRAWING) TARIFF)
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------

This matter comes before the Public Service Commission of South Carolina ("Commission") on the request of Telergy Network Services, Inc. ("Telergy" or the "Company") to cancel its Certificate of Public Convenience and Necessity to provide local exchange and interexchange telecommunications in the State of South Carolina and to cancel the Company's applicable tariffs.

By letter dated July 19, 2002, Telergy advised the Commission that the Company was requesting cancellation of its Certificate to operate as a provider of local exchange and interexchange telecommunications services within the State of South Carolina and withdrawal of the Company's applicable tariffs. Telergy's authority to provide resold and facilities-based local exchange and intrastate interexchange telecommunications services was granted by Order No. 2000-876 issued November 2, 2000.

As reasoning for its request, Telergy states that the Company filed for Chapter 11 protection under the U.S. Bankruptcy Code on October 26, 2001, and thereafter the Company's case was converted to Chapter 7 on December 14, 2001. According to Telergy, the Federal Communications Commission approved Telergy's petition to

discontinue all forms of telecommunications services on January 22, 2002. Telergy states that all of its customers have successfully been transitioned to other service providers and all of the Company's assets were sold to either Dominion Telecom, Inc. or Con Ed Communications, Inc. on April 10, 2002. Telergy states further that the Company had no activity in South Carolina during the 2001 fiscal year.

As Telergy is no longer providing the services for which its Certificate of Public Convenience and Necessity was granted by virtue of the Company's Chapter 11 bankruptcy proceeding and as followed by the sale of all of the Company's assets to either Dominion Telecom, Inc. or Con Ed Communications, Inc., the Commission finds and concludes that Telergy's Certificate of Public Convenience and Necessity to provide resold and facilities-based local exchange and interexchange telecommunications services within the State of South Carolina should be cancelled and that the Company's applicable tariffs be withdrawn.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide local exchange and interexchange telecommunications services authorized by Order No. 2000-876, dated November 2, 2000, issued in the instant docket to Telergy Network Services, Inc. is hereby cancelled, and the local exchange tariffs filed by the Company are withdrawn.
